

Brand Guidelines

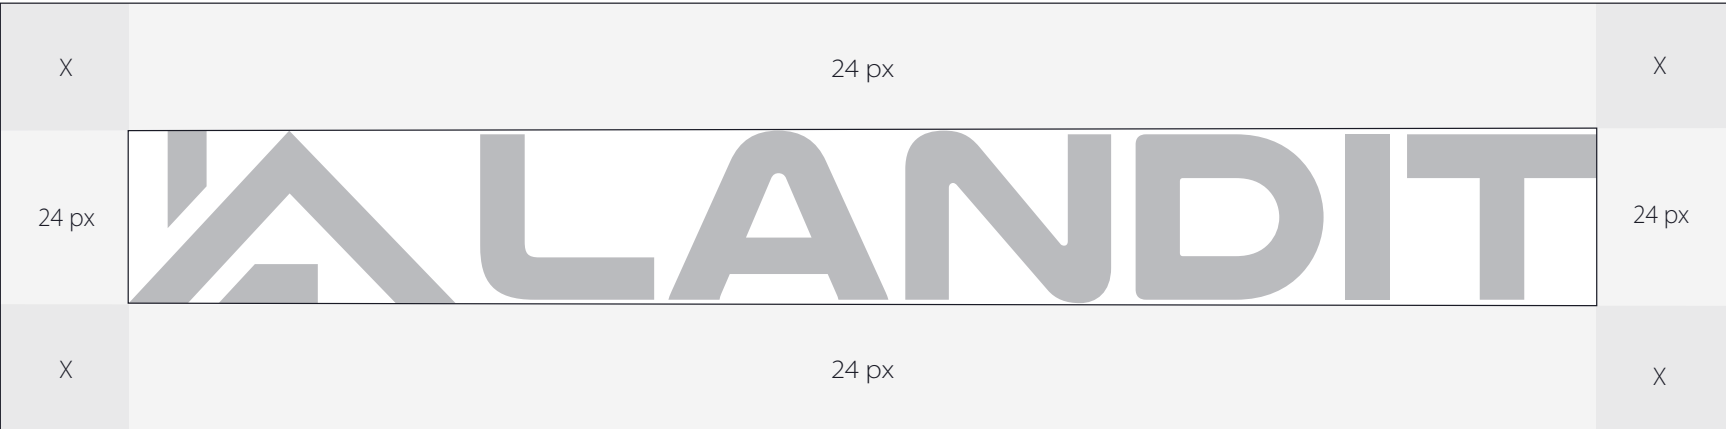

Our Logo

Our simple yet meaningful logo reflects our core values and mission, representing who we are as a brand. It captures the essence of our identity with clarity and purpose, communicating trust, authenticity, and dedication.

Clear space

Whenever you use the logo, it should be surrounded with clear space of atleast 24px to ensure its visibility and impact. No graphic elements of any kind should enter the exclusion zone.

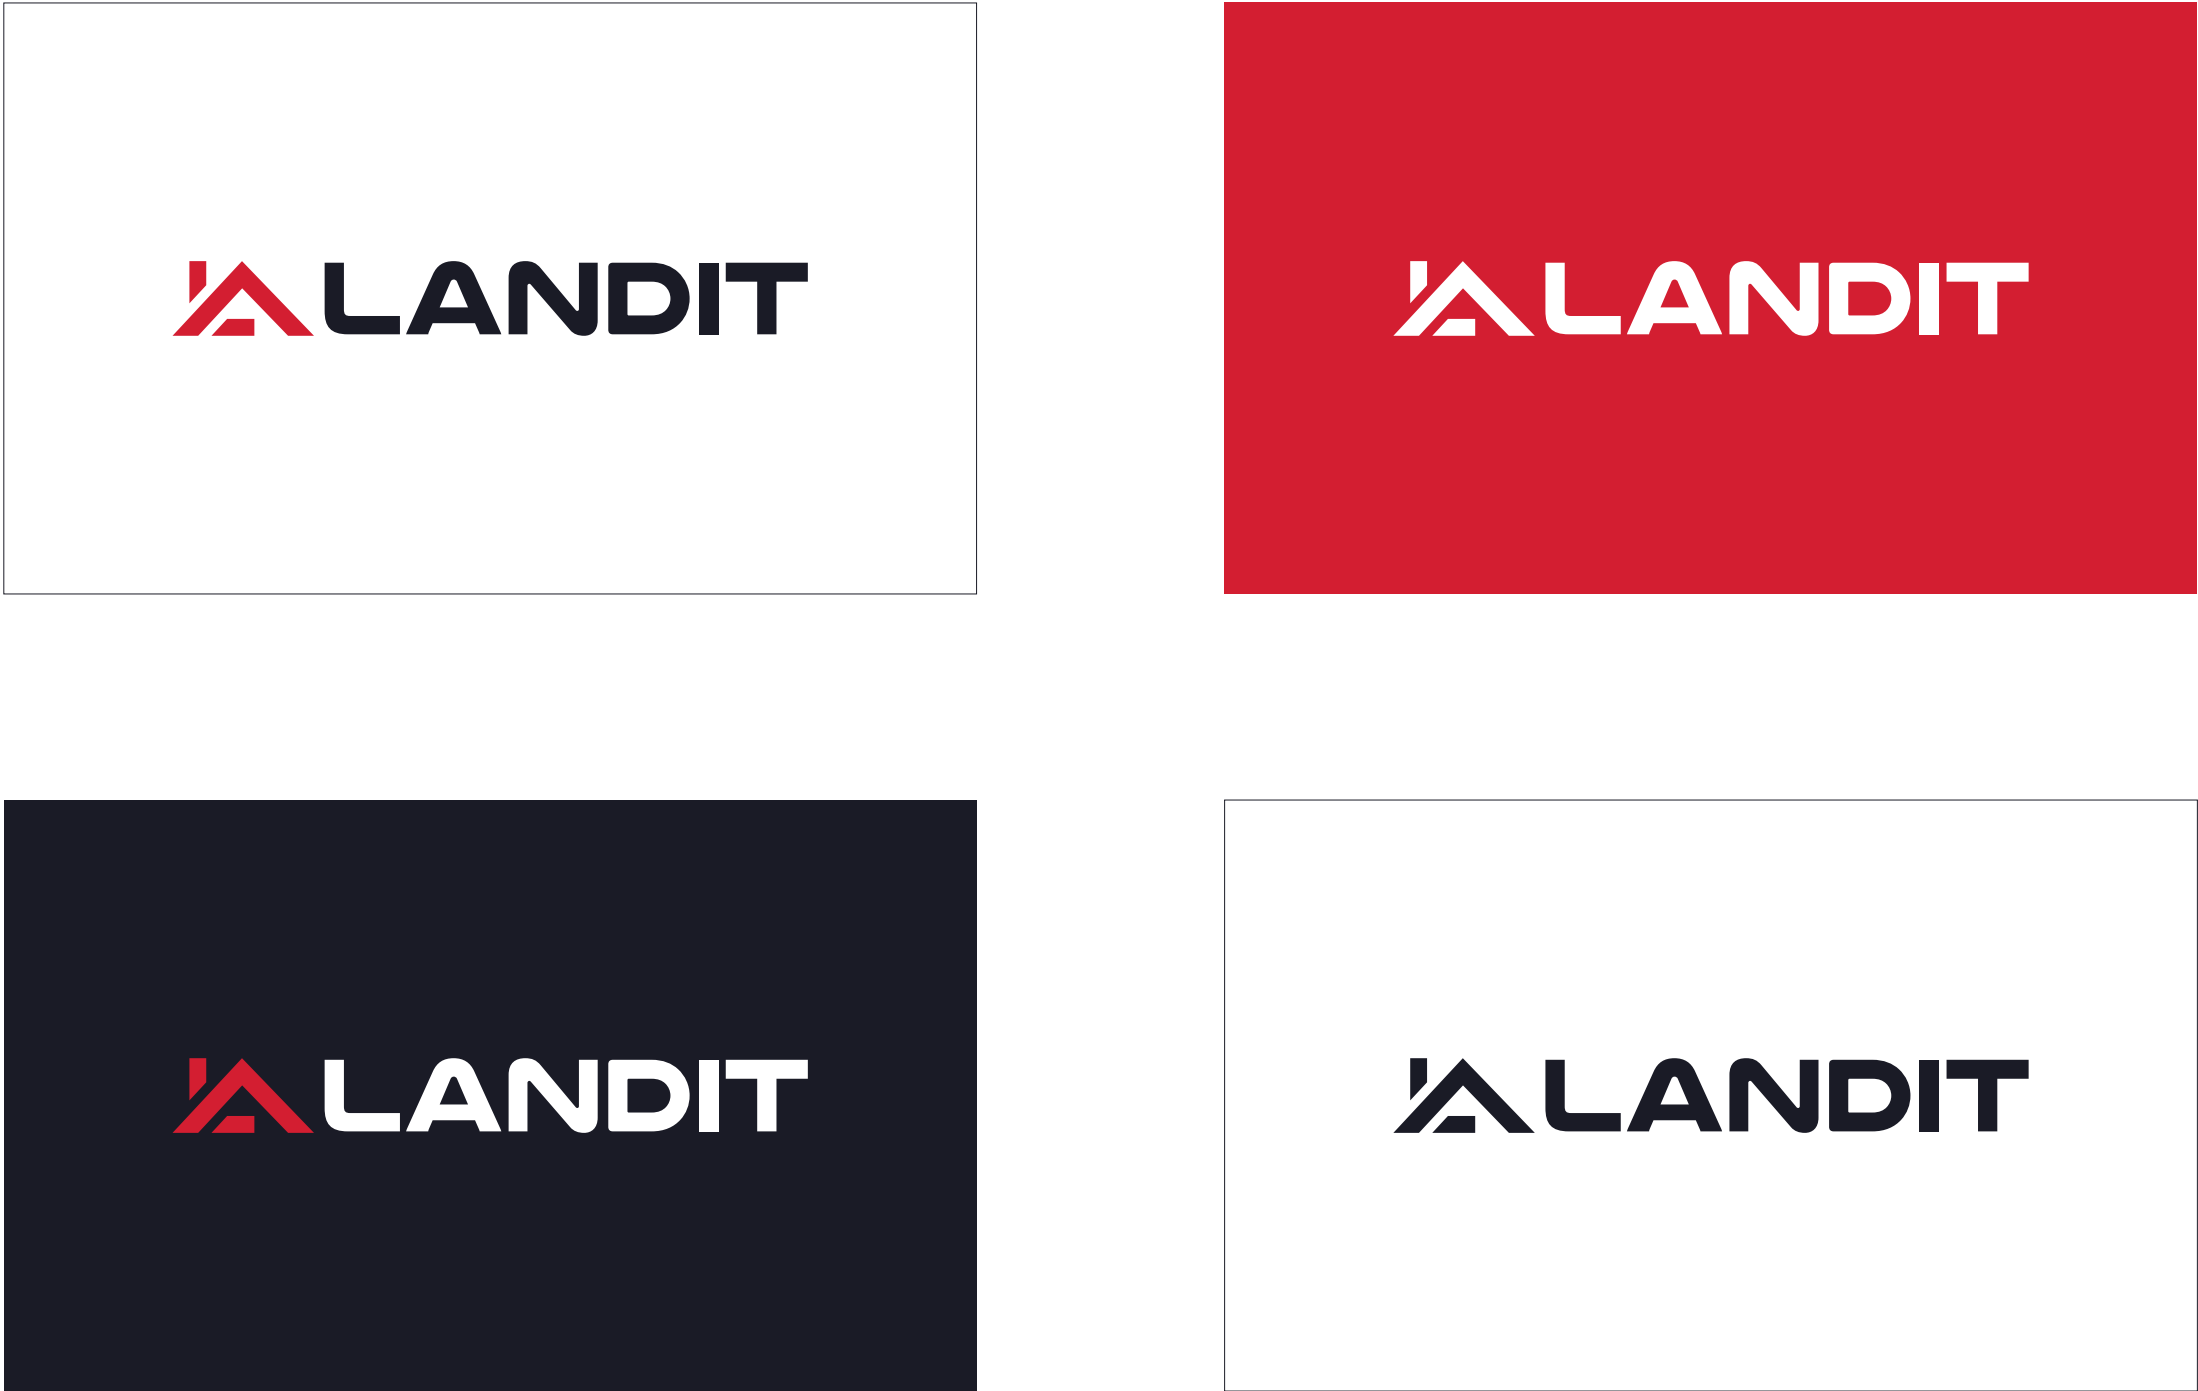

Logo Minimum Size

To protect legibility of the Brand logo the recommended minimum size should not be less than 100 pixels in height for print and 75 pixels for web.

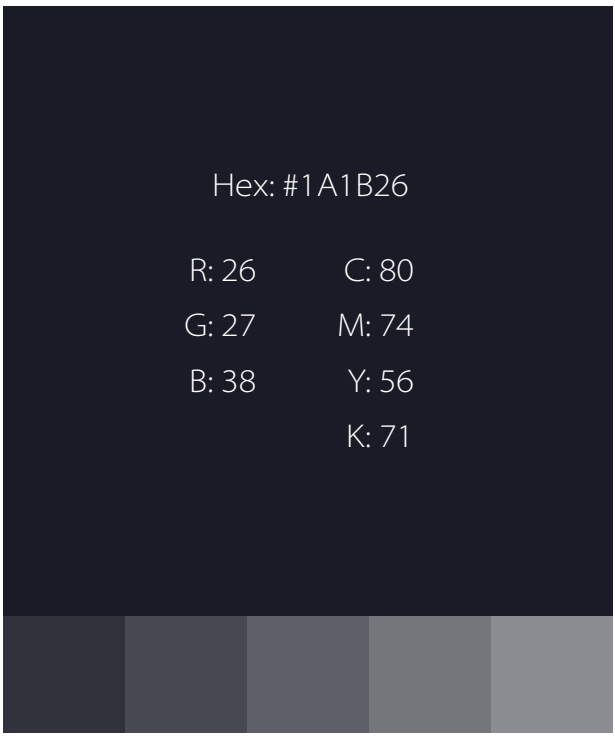

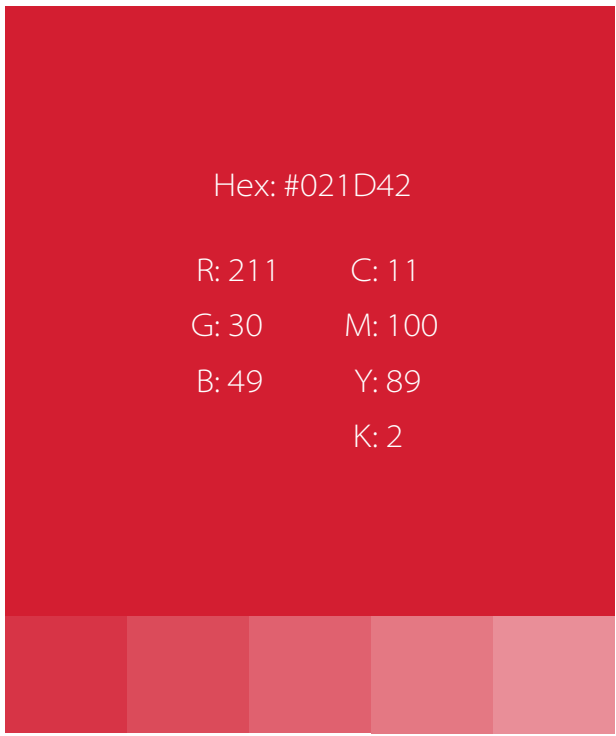

Logo variations

Logo variations elevate our brand by giving it a consistent look across all your offline, online, and media platforms, conveying the message to viewers that you're reliable and trustworthy.

Color palette

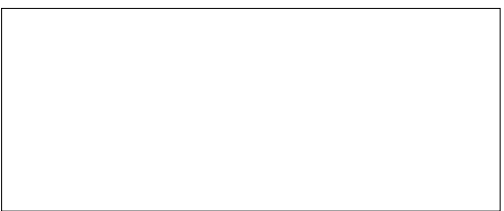

Colors shape our visual perception. In our design, a clear understanding of color psychology is essential to build a palette that evokes the right reactions and connects effectively with our target audience.

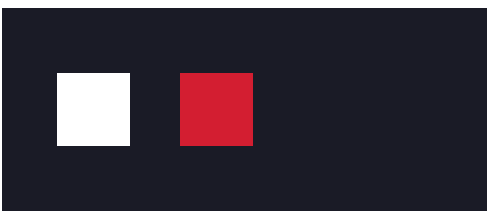

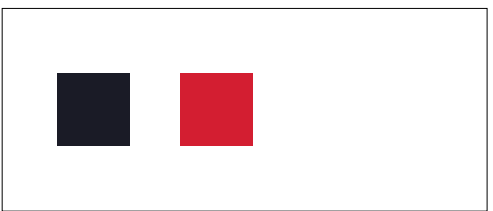

Colors compatibility

Ensure sufficient contrast and legibility between our brand colors and various backgrounds. Use brand colors on backgrounds that provide optimal visibility, avoiding combinations that compromise clarity or visual harmony. Consistent application of brand colors across different backgrounds maintains brand integrity and recognition.

Iconography

Our icons support brand recognition by communicating messages quickly, capturing attention, and working across a variety of applications. For clarity and consistency, we create our icons using a line stroke weight of 2 points.

Don'ts

Our brand's success relies on maintaining a consistent appearance across all communications. To protect the integrity of our logo, the following examples demonstrate incorrect uses that should be avoided.

Don'ts

1 Don't stretch or squeeze the logo.

2 Don't display the logo in a different configuration.

3 Don't change the logo orientation or rotation.

4 Don't change the logo colors.

5 Don't display logo with limited legibility.

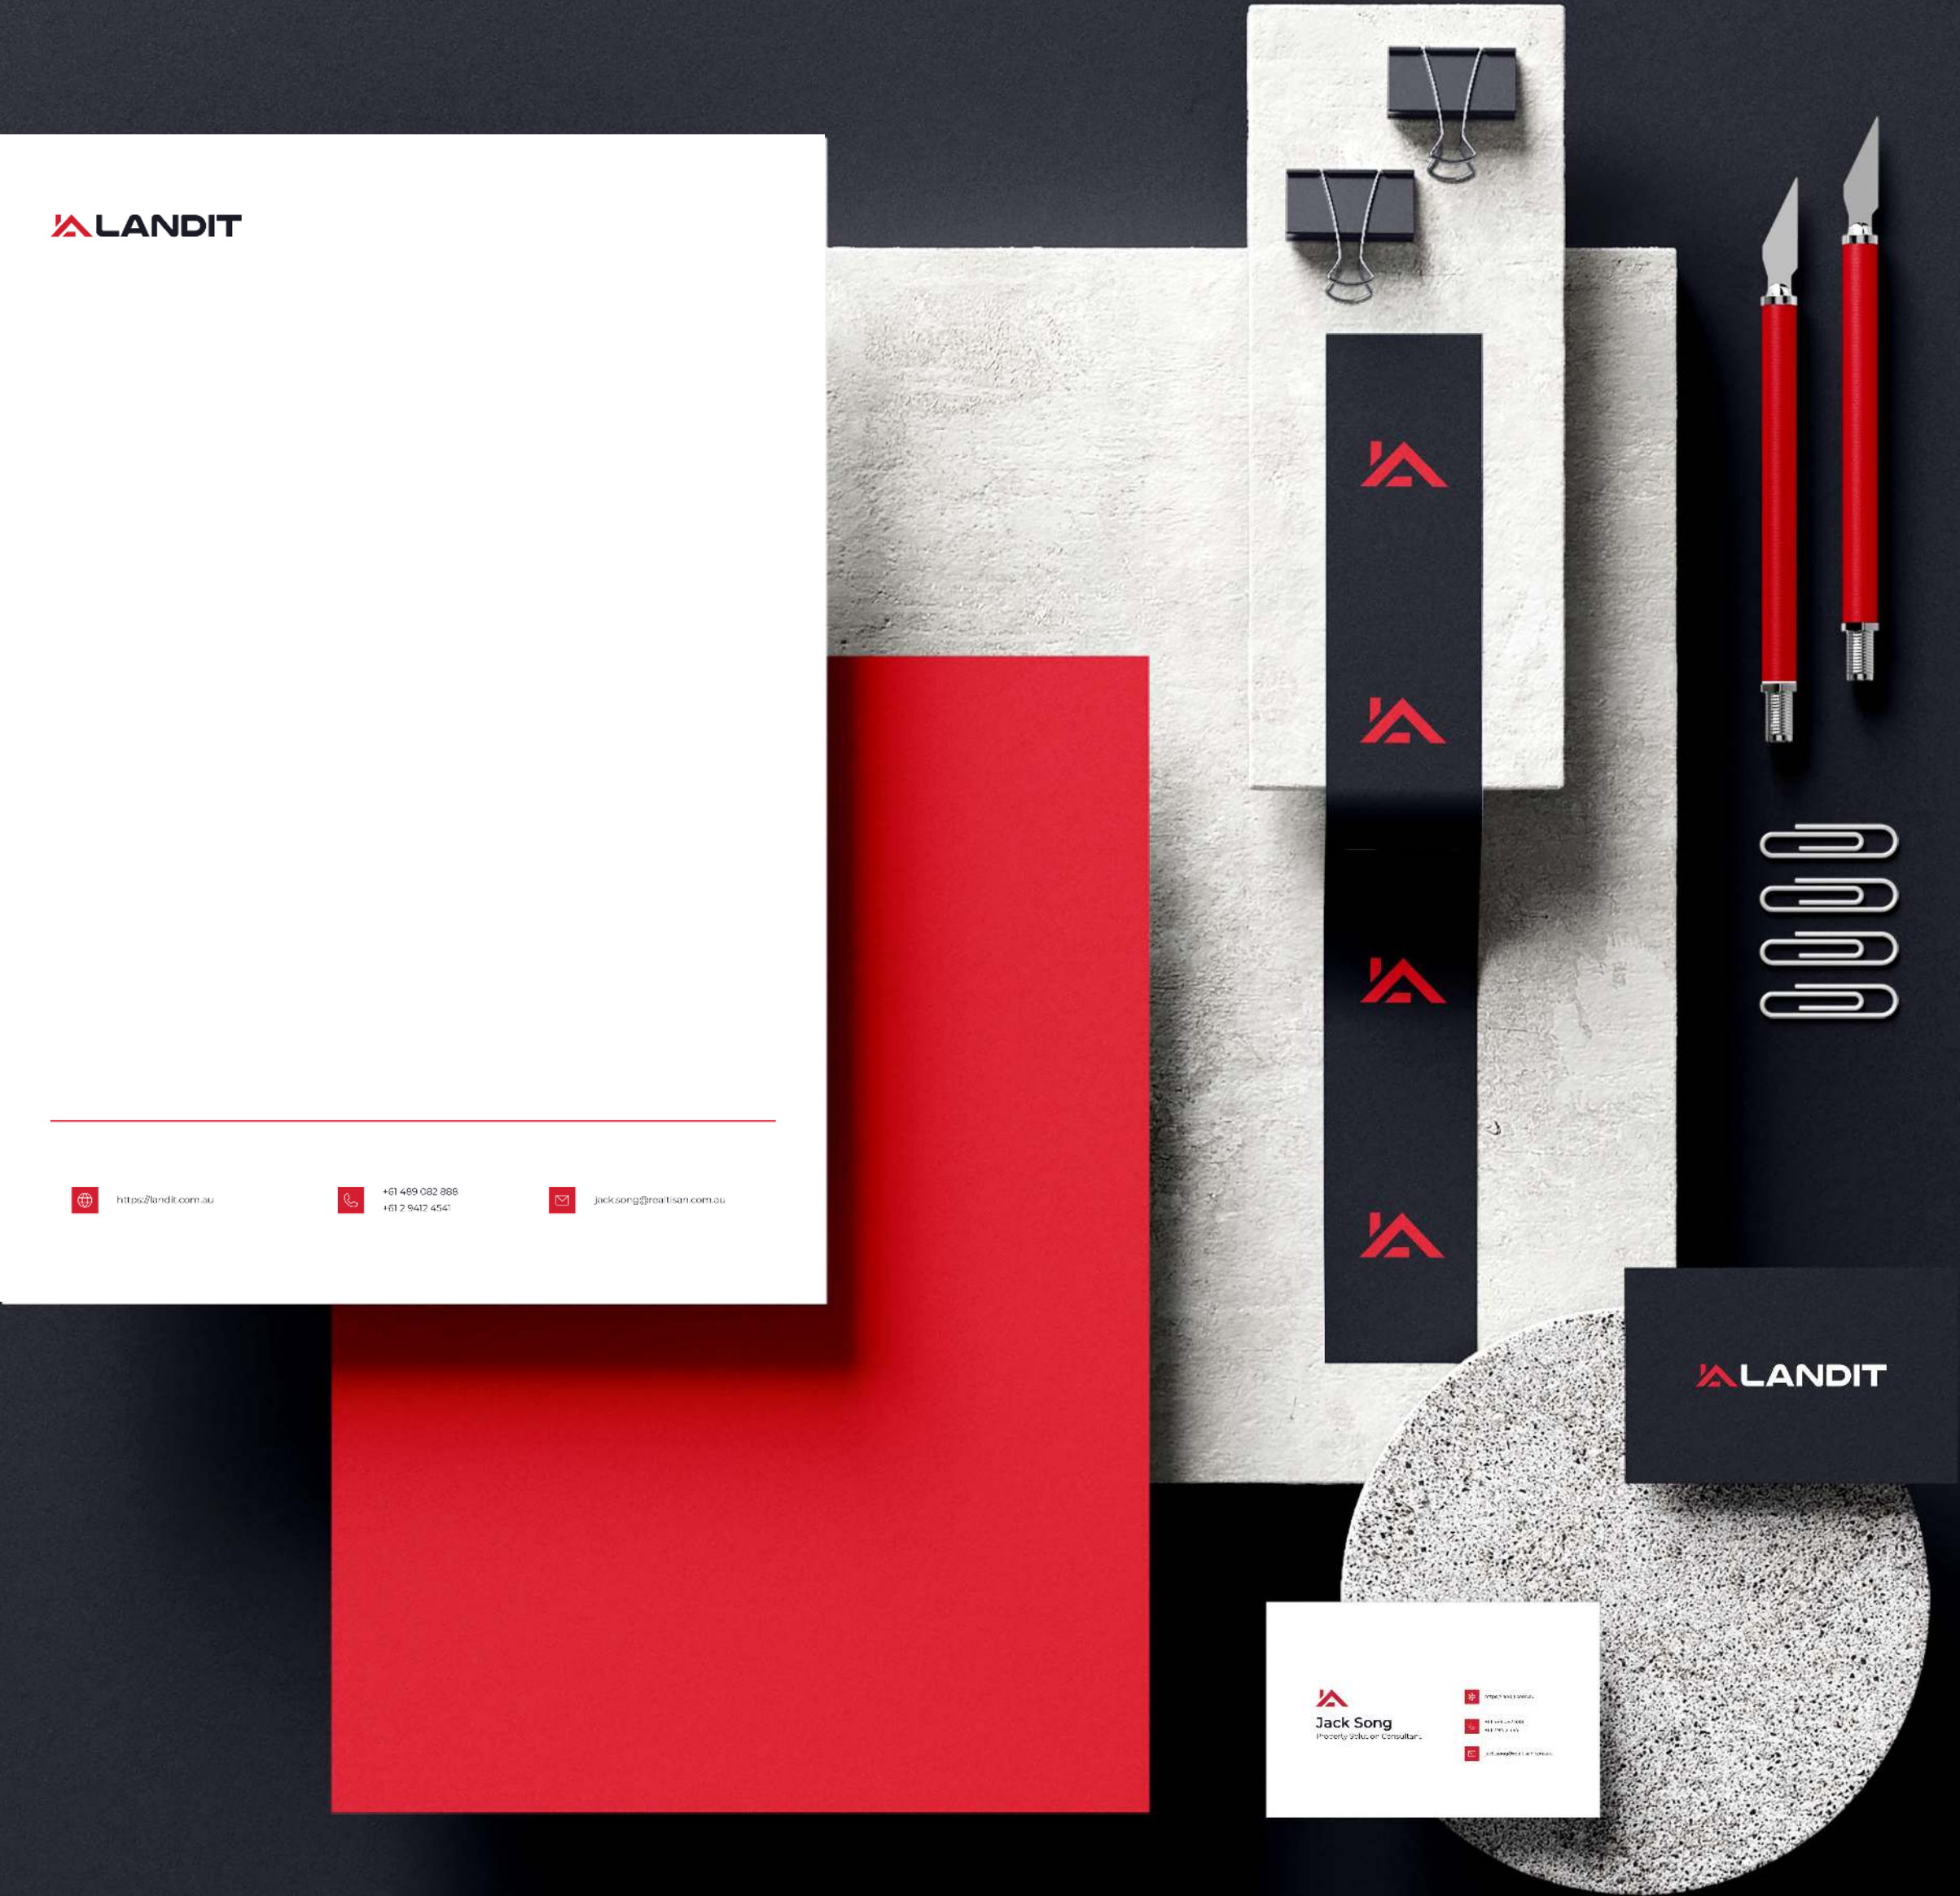

6 Don't add special effects to the logo.
